Web, Print & Electronic Design

Do you have an existing website but do not have the resources or experience to maintain it? If you need someone to update your site, byRemote is here to assist you. Maybe you have a very well designed site but your search engine placement isn't stellar. byRemote can optimize your pages for a chance at better placement.

If you need to have updates made to an existing website or would like to have a new website designed, give byRemote a call at 701-234-9060 #3.

Additional template designs may be viewed online:
<http://www.byremotedesign.com>

All pricing shown in US Dollars (USD).

Basic Design Packages

Basic Design: This package includes up to 5 pages with static buttons, text and graphics. Please see our Individual Web Services below for pricing on additional services including programming, flash creation or any other customizations you would like to make to any of our Basic Design packages. The pages are created to be 100% compatible with all major browsers and HTML editors. Each page is individually optimized for search engine placement. The customer will have the ability to request a change to the initial color scheme and background header graphic to reflect your own identity.

Basic Design Hosted: This package includes all of the work performed in our Basic Design package and is also bundled with standard web hosting. If you would like to launch your website quickly, we can have you set up and ready for visitors within two weeks. A basic logger program is included so you can monitor who may be visiting your pages and how they found you.

Basic Design Managed: It is always good business practice to change the content on your website frequently to keep visitors engaged. With our Basic Design Managed package, you will receive all of the benefits of our Basic Design Hosted package with the addition of up to 1 hour of maintenance on your website each month at a discounted labor rate. Additional hours may be purchased upon request at the same discounted rate. (Please see Individual Web Services below for our monthly contracted rate.) Whether you would like to add or edit the content of your site, make frequent announcements or upload photographs, our Basic Design Managed package is the perfect choice.

Additional Information

A 12-month contract is required with our Basic Design packages. All original artwork will be provided on a CD at the end of the 12-month contract. Subsequent months will be provided as a month-by-month service and may be cancelled at any time.

Pricing Information	Part Number	One-Time	Annually	Monthly	Hourly
Basic Design	BYRM-WEBBD	\$1,200.00			
Basic Design Hosted	BYRM-WEBBDH	*		\$125.00	
Basic Design Managed	BYRM-WEBBDM	*		\$190.00	

Standard Design Packages					
The Standard Design packages are the same as our Basic Design packages but includes up to 10 pages designed with static buttons, text and graphics. Please see our Individual Web Services below for pricing on additional services including programming, flash creation or any other customizations you would like to make to any of our Standard Design packages.					
Additional Information					
A 12-month contract is required with our Standard Design packages. All original artwork will be provided on a CD at the end of the 12-month contract. Subsequent months will be provided as a month-by-month service and may be cancelled at any time.

* You may choose to purchase the design work for a one-time payment instead of selecting our monthly service plan. Please contact byRemote for details.

Custom Design					
Would you like a unique, custom website which reflects your corporate identity? Customization services are available upon request and a conference call will be scheduled for a consultation. Pricing will be provided as an estimated number of labor hours needed to complete the design and will be based on a Scope of Work which will detail every step of the proposed project. All original artwork will be provided on a CD at the completion of the project.

Print & Electronic Design Services			
You may complete your identity by coordinating your print and electronic design to match your online presence. We will provide all original artwork on a CD so you may choose your own print company. If you prefer, we can also provide this service through byRemote. Please call byRemote for pricing. The pricing below includes the original graphic design and electronic file formats per design. Any additions or modifications to the original design and file formats are extra. The cost of publishing your materials by the print company is in addition to the original artwork.
